

# Harbinger Knowledge Products and Harbinger Systems Ranked Among Fastest-Growing Tech Companies On 2009 Deloitte Technology Fast 500 Asia Pacific

Harbinger Companies' Revenue Has Soared More Than 100% in Past Three Years

## 2009, REDMOND, WASH

Harbinger Knowledge Products and Harbinger Systems today announced that they have been named to Deloitte Technology's 2009 Fast 500 Asia Pacific list, a prestigious ranking of the 500 fastest growing technology companies in the Asia Pacific region.

Harbinger Knowledge Products, a leading interactive eLearning software company, was ranked 271st on the list with revenue growth of 162 percent over the past three years. Harbinger Systems, a leading technology services company, was ranked 208th with revenue growth of 208 percent revenue growth during that period.

"Achieving sustained revenue growth of more than 150 percent over three years is a tremendous achievement," said Ian Thatcher, partner in charge of Deloitte's Technology Fast 500 Asia Pacific program. "Harbinger Knowledge Products and Harbinger Systems' phenomenal growth puts them in select company."

Vikas Joshi, chairman and managing director of the Harbinger Group, attributed Harbinger Group's rapid growth to its innovative software products and technology services.

"Educators are discovering that students learn faster and retain information better when they are actively engaged through interactive programs. Harbinger has established itself as a global leader in this important arena," he said. "The growth in our technology services business despite globally challenging times goes to demonstrate that our clients value the innovation we deliver through services."

Harbinger Knowledge Products' software, Raptivity, enables instructors to easily create highly interactive content, including games, simulations, 3D objects, videos and "virtual worlds" that bring traditional subjects to life.
