Harbinger to Showcase Cloud expertise at the Cloud Expo Conference in the Third Quarter of 2014

Participating as a Speaker and an Exhibitor at Cloud Expo Silicon Valley Conference. The three-day event being held at Santa Clara, CA starts from November 4th.

PUNE, INDIA; REDMOND, WA, OCTOBER 21, 2014:

Harbinger Systems, a leading provider of software engineering services, returns to Silicon Valley this November to participate at Cloud Expo West, the high octane Cloud Computing, IoT & Big Data event by Sys-Con Media. The event will be held at Santa Clara, CA from November 4-6.

HARBINGER SYSTEMS IN CLOUD EXPO WEST 2014

Harbinger Systems is participating as a speaker and an exhibitor at the event. Attend our technical session 'New Possibilities with Cloud-based Healthcare Records' on November 5th from 8.30-9:05 AM. The session will provide insights about cloud adoption in healthcare revolving around Electronic Health Record [EHR] based systems.

Delegates will take a look at some of the use cases showcasing the best methodologies in applying different cloud services for taking healthcare legacy systems to a cloud platform. To know more about this topic, please visit CloudExpo session. This session is lead by Mr.Shrikant Pattathil, Executive Vice President Harbinger Systems and Mr. Umesh Kanade, General Manager- Technology Solutions at Harbinger Systems.

Delegates can also look forward to attend a demo session 'Leveraging Cloud for Video Delivery Platforms', presented on November 5th at 2:35 PM. This session will showcase Harbinger's latest innovation, Exaltive- an interactive video platform, for businesses and educators.

Harbinger will be present at booth #523 playing a host to wide range of emerging technology solutions. Harbinger offers its services in cloud, big data, mobility and internet of things environment. For additional information or to schedule a one-on-one meeting, you can send us an email at hsplinfo@harbingergroup.com.
