

Harbinger Systems to participate as Bronze sponsor for HR Tech MENA 2017

Harbinger Systems, Bronze Sponsor at the HR Tech MENA Summit 2017, will be exhibiting its software services for Independent Software Vendors in the HR Tech space.

PUNE, INDIA; REDMOND, WA, May 11, 2017

Harbinger Systems, a global enterprise providing software technology services, is participating at the HR Tech MENA Summit 2017 as Bronze Sponsor. The event to be held in Dubai, UAE on May 16 - 17, 2017, will attract HR and IT experts in and around the MENA region to discuss the latest developments in the HR domain and how technology is playing a key role in these developments.

Good HR practices are the cornerstone of any employee friendly organization, be it appraising them, retaining them or managing them in a way that optimizes productivity. Each organization has its own set of challenges when it comes to Human Capital Management (HCM), based on their industry, strength, growth and region among other reasons. In order for the HR professionals to do their job efficiently, it is important for organizations to equip them with the right tools. Technology is merging seamlessly with HR practices now, because of which many new tools have been developed and integrated for HR professionals through means of automation, dashboards, bots and various other softwares.

Harbinger Systems helps Independent Software Vendors (ISVs) in the development of their HR service products. With an experience of over 15 years in the HR technology domain, Harbinger Systems has helped many organizations streamline their product development processes. Our HCM offerings will aid and enhance any organization's social recruitment, onboarding operations, streamlining of systems of rewards and recognition, workforce analytics and staying abreast of the latest compliance requirements. Attendees can get detailed information about our capabilities from our experts at the booth and learn how best product companies can leverage our expertise and experience in the HR Tech field.

About Harbinger Systems

Harbinger Systems is a global company providing software technology services for independent software vendors and enterprises, with a specialization in product engineering. Since 1990, Harbinger has developed a strong customer base worldwide.

Harbinger Systems builds software solutions leveraging social, mobile, analytics, and cloud (SMAC) technologies and IoT (Internet of Things) for domains such as human capital management (HCM),
