Harbinger Systems to exhibit at the 20th HR Technology Conference and Exposition

Harbinger Systems, a global enterprise providing software technology services, will be exhibiting its software services for HR Tech product companies at the 20th HR Technology Conference and Exposition to be held from October 10-13, 2017 in Las Vegas, Nevada.

PUNE, INDIA; REDMOND, WA, October 6, 2017

Harbinger Systems, provider of product development services to Independent Software Vendors (ISVs) operating in the HR domain, will be exhibiting at the 20th HR Technology Conference and Exposition to be held from October 10-13, 2017 in Las Vegas, Nevada. Participants from HR Tech organizations can visit experts from Harbinger Systems at booth 4136 for more information.

The recent advancements in technology like AI, ML and RPA are disrupting many HR Tech functions like recruitment, payroll, benefits and employee engagement. HR Managers and millennial employees are looking forward to more automation, advanced analytics and improved compliance capabilities, while using HR Tech products. Shrikant Pattathil, President - Harbinger Systems says, "Looking at industry trends, Harbinger has invested in combining a decade of HR Tech domain knowledge with new technology knowhow to help product companies build solutions leveraging AI, ML and RPA platforms. At the HR Tech 2017 conference, we look forward to meeting leaders and innovators to discuss HR Tech domain problems and collaboratively build products that meet the demands of the current and future workforce."

Harbinger Systems has rich experience in aiding product companies develop platforms that enhance organizations' social recruitment, onboarding operations, streamline systems of rewards and recognition, provide workforce analytics and stay updated with the latest compliances. Information, demos and case studies on these will be available at the conference along with other resources. Details on Harbinger's capabilities and how to book meetings at the conference can be found on the official website.
